

## **Testimonial of my attendance at the Summer Solstice June 2012 at Montcabirol France**

This is a true and accurate account of what I witnessed in the company of four Physical Mediums and their circle leaders, Tom Morris and Kevin Lawrenson, Joanne Marie Timothy and Ann Morris, Warren Caylor, Isabelle Duchene.

I arrived with the Medium Joanne and Ann her circle leader, all three of us arriving from UK to Carcassonne Airport, an hours drive to Montcabirol for a quick cup of tea, then of with Tom to Toulouse Airport to pick up Warren Caylor, then a full house of mediums was had.

The first night after we had finished our welcome meal, which is a tradition that Tom makes for all the guests who attend Montcabirol, we where asked if everyone would like to visit the Séance room, everyone was more than eager, it was such a wonderful experience to sit in the energy of pure love of spirit, As we were sitting enjoying the energy Tom went into trance and the voice of John Sloan came through and welcomed us all and informed us all that this week was going to very memorable and personal for everyone, truly wonderful talk to us all, and also Isabelle went in to trance and Red Cloud came through and spoke to us all, what a wonderful unexpected welcome for us.

Next day was our first séance with Isabelle and her main guide Red Cloud, (which has been recorded so that everyone has the chance to join in with each sitting ) just sit in the darkness or dim light, put on some ear phones and just put your selves in the same room that we sat and listen, We the sitters can give our own each individual experience as to how we felt, the emotions, the sounds close by, right next to us, behind us, the sounds and feelings of spirit so close, seeing the movement of tables moving around the room at great speed , the agility of everything is just beyond our words, there is no human being alive on this earth who could do what we all witnessed, the movements and sounds of musical instruments, the spirit lights that we saw, the whole three different séances, the levitations, the walking of spirit among us, being touched by spirit, so many of us was touched by spirit, the sound of spirit walking up to and talking with a sitter, you have to be there to feel that for your self, and you know what, it is open there for everyone, Montcabirol has opened their doors for everyone to receive the chance to sit in the company of spirit, to witness for themselves all that we witnessed and enjoyed this week in company of pure love from spirit.

The Indian dance that happened after the séance of Tom, after hearing the sound of John Sloan, Irene Simms , Phil Starr and Yellow Cloud gave us all wonderful answer to questions and personal help with own development, as I am a novice to physical mediumship, less than 12 months, this was a lot for

me to take in and understand what was happening, when you are listening to people around you of what they are seeing, hearing sensing, I felt lost at times, but I understand as so many has mediumistic skills that all their senses are being used and they get the full benefit of what spirit has given them, so any mediums out there in their development that have the gift, to see spirit, hear spirit, and talk with spirit, everyone of you would have the time of your lives.

I was lucky enough to sense at the Indian Dance the feeling and sound of Indians coming from behind me and walking into middle of the room, the feeling and sound of Indians dancing behind me, there was drums sitting in the middle of the room and there was drumsticks that had luminous tabs on them, you see the drumsticks floating in mid air, you know spirit are holding them and playing down on the drums, truly amazing and wonderful, then to hear all four mediums go into trance, their guides come through and talk with us all and to each other was history in the making, the first time in the history of Physical Mediumship that four great Native American Indians spoke to each other in the company of us very privileged human beings, to hear the voices by direct voice of Red Cloud, Yellow Cloud, Yellow Feather and Crazy Horse was truly amazing, the most wonderful experience and again the next night to hear them all in the darkness of the night, lit only by the fire, to see four Native American Indians share a peace pipe, being smoked and passed to each other in turn, you could see the transfiguration on the faces of the mediums as their guides changed into who they where, it was another truly amazing sight, then all the sitters where asked to throw a handful of pine needle onto the fire, all of us where privileged to each handle and hold onto the peace pipe for few minutes, to think of a loved one in spirit and then to hand the pipe to the next sitter and watch as it went round the circle of pure love from spirit, the sound of when Red Cloud, Yellow Cloud, Crazy Horse and Yellow Feather talking to each other with as much banter as we do on the earth plane, but the loudness of the voices was as such, that you could hear the echoes go down the valley from where we were sitting, what a sound, I hope you hear it as we did in the recording.

The most amazing part of the whole night was near to the end, we sat in silence watching the flames when all of a sudden, Red Cloud stood up with his arms raised high and bellowed ( WIND ) in an instant a powerful whooshing gust hit the center of the fire, lifting embers high then it blew direct to my left straight down a gap in-between two chairs and it was gone, truly, truly amazing, words can not describe what we all saw, felt and touched us in our hearts, spirit are just so wonderful to be in their company, I wish more people could witness and feel what we all experienced. Listening to all the recordings will help in some way.

This is a true, genuine and accurate account of what I witnessed and was part of at Montcabriol June 2012, I wish I had the words to explain all what happened, sadly we on earth do not have the words that spirit deserve.

P.S.

I can only vouch again for what Olaf said in his testimony, I hope he does not mind me repeating it again, but his words sum it up for me also.

If spiritual seekers ever get an opportunity to visit Montcabriol to witness Physical Mediumship in its purest and strongest form, it will be a life changing experience in the most positive and purest imaginable way.

You also have six wonderful recordings to listen too
